

CLOUDPOINT GEOSPATIAL

Mapping Campus Facilities for K-12 Schools

Building the Future of Campus Safety and Engagement

Cloudpoint offers cutting edge mapping solutions for K-12 campuses delivered through Esri's ArcGIS platform. We offer a comprehensive process that starts with the onsite scanning of your campus to produce up-to-date, interactive maps including multi-level floor plans and points of interest. Cloudpoint provides a turn-key solution for your campus mapping needs.

The Cloudpoint Process:

Solutions:

- ◆ Emergency Response Planning
- ◆ Facility Maintenance
- ◆ Asset Inventories
- ◆ Space Management
- ◆ Life Safety Improvements

Advantages:

- ◆ Centralized Floor Plans
- ◆ Improved Campus Safety
- ◆ Monitor Building Systems
- ◆ Streamlined Asset Management
